MDOT Traffic alert: M-26 detoured for Portage Lake Lift Bridge project

January 13, 2015 -- The Michigan Department of Transportation (MDOT) will be detouring northbound M-26 traffic in the city of Houghton beginning Wednesday.

As part of ongoing bridge maintenance work, the M-26 northbound ramp onto the bridge in the city of Houghton will be closed until further notice. Traffic will be rerouted through downtown Houghton.

Motorists also should expect a single-lane closure of the outside northbound lane on the bridge. Both southbound lanes will be reopened Wednesday morning.
